MILESTONES ACHIEVED

Faculty of Pharmacy

Swaminarayan University

The Faculty of Pharmacy at Swaminarayan University has continuously progressed towards academic excellence, research innovation, and professional development. Over the years, the faculty has achieved several important milestones that reflect its commitment to quality education, research advancement, and community service.

Academic Excellence

- Successful implementation of **Outcome-Based Education (OBE)** across pharmacy programs.
- Adoption of **NEP-2020 guidelines** in curriculum design and academic structure.
- Implementation of the **Academic Bank of Credits (ABC)** for flexible learning pathways.
- Continuous revision and upgradation of syllabi in alignment with **industry requirements and global pharmacy education standards**.

Program Development

- Establishment and successful operation of the following academic programs:
    - **Bachelor of Pharmacy (B. Pharm)**
    - **Doctor of Pharmacy (Pharm. D)**
    - **Master of Pharmacy (M. Pharm)** in specialized disciplines
    - **Diploma in Pharmacy (D. Pharm)**

These programs are designed to develop highly competent pharmacy professionals equipped with scientific knowledge, research skills, and ethical values.

Research and Innovation

- Active participation of faculty members in **research publications in national and international journals**.
- Filing of **patents and innovative research proposals** in pharmaceutical sciences.
- Organization of **Faculty Development Programs (FDPs), workshops, and research seminars** to promote scientific learning and collaboration.

- Encouragement of **student research projects and dissertations** in emerging areas of pharmaceutical sciences.

Industry and Professional Collaboration

- Establishment of strong links with **pharmaceutical industries, healthcare institutions, and regulatory bodies**.
- Conducting **industrial visits, expert lectures, and training programs** for students to enhance industry readiness.

Student Development

- Regular organization of **academic competitions, seminars, and conferences**.
- Celebration of **National Pharmacist Day and other professional events**.
- Encouraging student participation in **sports, cultural, and community service activities**.
- Implementation of **skill development and short-term certification courses**.

Community Engagement

- Organization of **health awareness campaigns and community outreach programs**.
- Conducting **free health check-up camps and medicine awareness programs**.
- Promoting rational use of medicines and public health education.

Infrastructure and Facilities

- Development of **modern laboratories equipped with advanced pharmaceutical instruments**.
- Availability of **digital learning platforms, LMS, and e-learning resources**.
- Establishment of a **well-equipped library with access to scientific journals and databases**.

Commitment to Continuous Growth

The Faculty of Pharmacy at Swaminarayan University remains dedicated to achieving new milestones in **education, research, healthcare service, and innovation**, contributing to the development of skilled pharmaceutical professionals and improving healthcare outcomes for society.
