Event	**GPAT/NIPER Career Path for Pharma Students.**
Date of Event	**21st Feb 2024**
Speaker	**Mr. Yash Gandhi (Founder of Apomind Coaching Academy).**
Venue	**Shree Swaminarayan College of Pharmacy**
Participants	**B. Pharm students. Total :120 students**

Event Objective:

Awareness and Guidance on Exam Preparation: To educate pharmacy students about the Graduate Pharmacy Aptitude Test (GPAT) and (NIPER) entrance exams, focusing on their importance, syllabus, exam pattern, preparation strategies, and tips for securing high scores.

To provide insights into the career opportunities available after qualifying for GPAT/NIPER, including higher education (M. Pharm, Ph.D.), fellowships, job prospects in academia, research, and the pharmaceutical industry, as well as entrepreneurial possibilities in the pharma sector.

Event Description:

Mr. Yash Gandhi discussed on Exam Preparation for Postgraduate Opportunities and Specialization:

GPAT (Graduate Pharmacy Aptitude Test) is a national-level entrance exam in India that enables pharmacy graduates to secure admission to postgraduate (M. Pharm) programs in reputed institutions, including NIPER. Qualifying GPAT not only opens doors to scholarships but also facilitates specialization in various fields such as pharmacology, pharmaceutics, medicinal chemistry, and regulatory affairs, enhancing career prospects.

Clearing GPAT and pursuing a degree from NIPER equips students with advanced knowledge and research skills, making them highly desirable for roles in the pharmaceutical industry, academia, regulatory agencies, and research organization.
